The Power of Word

Our vision for History at Abingdon

At Abingdon, we aim to deliver a high-quality history curriculum that is accessible to all and maximises the outcomes for every child. We want our children to become curious about the past, to ask perceptive questions and to develop the ability to think critically about the past. We believe that studying history allows our children to see how and why our community, our country and the world have changed over time and that what children learn through history, can influence their values and attitudes. Our curriculum fulfils the requirements of the National Curriculum for history; providing a broad and balanced curriculum that enables children to develop a knowledge of British history, including that of our local area, and of the wider world and supports the progressive development of historical concepts, knowledge, and skills. Children are supported to develop a secure sense of chronology, beginning with changes in their own lifetime and those that happen within living memory and extending into the time beyond living memory. We believe that children need to see themselves represented in the curriculum and plan for children to learn about a diverse range of significant individuals in the past as well as the work of different historians.

ABINGDON PRIMARY SCHOOL – History Yearly overview CYCLE A 							
CURRICULUM AREA	FS	YEAR 1	YEAR 2	YEAR 3	YEAR 4	YEAR 5	YEAR 6
Autumn	All about Me Seasonal change Celebrations Begin to make sense of their own life-story and family's history. Seasonal change (autumn and winter). Significant Individuals - Earnest Shackleton Remembrance Day	The Great Fire of London Autumn 1: Geography See geography overview. The countries of the UK and their capital cities.		Eureka! History What is the legacy of the Ancient Greek civilisation? Ancient Greeks- A study of Greek life and achievements and their influence on the western world. Enrichment – visit to school from School Workshops Additional History opportunities – Black History Month (Oct) Remembrance Day (Nov) Linked Geography – Where is Greece in the world? How did the geography of Greece influence the lives of Ancient Greeks?		Behind Enemy Lines History How did World War 2 impact life in Britain? World War 2 – A study into World War 2. A study of an aspect or theme in British history that extends pupils' chronological knowledge beyond 1066. Enrichment – Trip to Stockport Air Raid Shelters Additional History opportunities – Black History Month (Oct) Remembrance Day (Nov) Linked Geography – Location of European countries	
		Autumn 2: History How do we know what happened during the Great Fire of London? What changed because of the fire? Significant events beyond living memory that are significant nationally or globally – The Great Fire of London. Enrichment – Trip to Staircase House Additional History opportunities – Black History Month (Oct) Remembrance Day (Nov)					
Spring	When I Grow Up Who Lives Where? Talk about the lives of the people around them and their roles in society (People who help us). Compare life in the UK and Kenya. Seasonal change (winter and spring) Compare and contrast characters from stories, including figures from the past: Significant Individuals- Florence Nightingale Mary Anning	Sensational Stockport Spring 1: Geography See geography overview A study of the local environment including its human and physical geography and the making and reading of maps. Enrichment – Trip to Stockport town centre.		Globetrotters Geography A comparison between a European country (Spain) and our local area. See Geography overview		What a Wonderful World Geography A comparison between a non-European country from the Americas and our local area See Geography overview	
		Spring 2: History How has my local high street changed since the 1950s? Changes within living memory.

How is knowledge built on through school?

Key Stage 1						
2-year cycle	Cycle A Autumn	Spring	Summer	Cycle B Autumn	Spring	Summer
Enquiry Question	How do we know what happened during the Great Fire of London? What changed because of the fire?	How has my local high street changed since the 1950s?	Who was Sarah Forbes Bonetta and why is she remembered?	How has our local area changed over time?	How have explorers changed the world?	How have holidays changed in the past 100 years?
Y1 & 2 mixed age	<p>1.London was a large city in 1666 with lots of wooden buildings built close together.</p> <p>2.The fire started in a baker's shop on Pudding Lane.</p> <p>3.It had been a long, hot summer so the buildings were dry. Strong winds were blowing which helped the flames to spread.</p> <p>4.People had to evacuate using carts and the boats on the river. The king ordered houses to be pulled down to put the fire out.</p> <p>5.Samuel Pepys wrote a diary all about the events.</p> <p>6.After the fire laws were changed to make houses of brick or stone.</p>	<p>1.In the past people went to different shops to buy different kinds of food e.g. butcher, baker, greengrocer</p> <p>2.When supermarkets opened food need to be packed in different ways to make it easier for people to pick it up.</p> <p>3.In the past people used cash to pay for their shopping. Now we can pay using bank cards or our phones.</p>	<p>1. A significant person is someone who has done something important.</p> <p>2.People are remembered for different reasons.</p> <p>3.Nelson Mandela and Jane Goodall are both significant individuals but they are remembered for different things.</p> <p>4.Sarah Forbes Bonetta was born in Nigeria.</p> <p>5.She was captured as a child and taken to England.</p> <p>6.Queen Victoria looked after her and made sure that she was taught to speak English and play music.</p>	<p>1.200 years ago, Reddish was mostly farmland. Not many people lived here.</p> <p>2.Lots of people came to Reddish to work in the cotton mills. One of the mills was Houldsworth Mill.</p> <p>3.William Houldsworth also had St Elisabeth's church and school built and built houses for his workers.</p> <p>4.Life was very difficult for children working in the Reddish Mills in the 1860s. They had dangerous jobs, worked long hours and were not paid very much. 5. From 1880 all children had to go to school.</p> <p>6. 100 years ago children wrote on slates with pencils. Older children</p>	<p>1.Explorers are people who travel to and explore new or unfamiliar areas.</p> <p>2.Ibn Battuta was a Medieval Muslim who travelled around Africa, the Middle East, India and China.</p> <p>3.George Back was an Arctic explorer who was born in Edgeley. On one expedition he ran out of food and had to eat a pair of trousers.</p> <p>4.Matthew Henson was a polar explorer. He was one of the first men to find the North Pole. His achievements were not acknowledged because he was black.</p> <p>6.Felicity Aston is a polar explorer. In 2012 she became the first woman</p>	<p>1.A holiday is a break from school or work. People often travel to different places.</p> <p>2. Holidays abroad are popular today but lots of people still go to the seaside.</p> <p>3. Our parents and grandparents did some things that we can do today: play with fishing nets and buckets and spades, eat ice-cream and watch Punch and Judy like today.</p> <p>4. In the past most people went on holiday in the UK. People used to send postcards about their trips</p> <p>5. 100 years ago most people travelled by train to the seaside because during this time the</p>
	<p>7.In the past firefighters used leather buckets and wore leather helmets. Today they have safety equipment to protect them and have fire engines to help them get to fires quickly.</p>			<p>used "dipping pens". School was very strict.</p> <p>7. Children didn't use computers in school until the 1980s.</p>	<p>to ski alone across Antarctica.</p> <p>7.Although we can compare explorers, there are differences in how and where they travelled.</p>	<p>railways grew and went to more places.</p> <p>6. We can find out about seaside holidays in the past from a range of sources including photographs, film recordings, postcards, letters, diaries, paintings, books and first-hand accounts (talking to people).</p>

Key knowledge is mapped out for each unit. From KS1 onwards the key learning takes the form of key facts that we want the children to know by the end of the unit.

An example of the progression in key substantive knowledge

How is learning planned?

Medium Term Curriculum Plan
Amazing Adventurers: How have explorers changed the world?
Subject: History
Term: Spring
Cycle B
Year group: 1 and 2

National curriculum objective

Pupils should

- Be taught about the lives of significant individuals in the past who have contributed to national and international achievements. Some should be used to compare aspects of life in different periods.

A study of the lives of different explorers focussing on Ibn Battuta and Matthew Henson, Sir George Back (significant individual with links to Stockport) and Felicity Aston (three polar explorers to provide comparison).

Children will also learn about explorers such as Neil Armstrong, Mae Jemison, Mary Kingsley and Amelia Earhart through stories.

History aims

Chronological Understanding

- Understand that the time before now is the past
- Understand the terms “within living memory” and “beyond living memory”
- Know that a timeline shows the order that events in the past happened.
- Be able to place different explorers on a timeline in order.
- Use vocabulary to orally label a timeline (e.g. past/present, older/newer)

Historical Enquiry

Change and Continuity – Identify and describe the similarities and differences between the journeys of different explorers. Explain that some things have changed whilst others have stayed the same.

Cause and Consequence – Ask why things happened and begin to explain why with support. Describe some of the reasons that motivated each explorer. How did the physical conditions affect the explorer (What impact did they have in the people, livestock and equipment?) Suggest reasons why people are regarded as significant – why should we remember them? What impact did they have?

Similarity and Difference – Compare and contrast aspects of life in the past with life today using the stories of Ibn Battuta (e.g. the postal system and food storage). Compare and contrast the equipment used by different explorers and the modes of transport available to them.

Sources and Evidence – Describe some of ways in which historians can find out about the past. Explore sources of evidence about the past including maps and photographs. Make observations about what the sources show (What do you notice?). Begin to ask questions about the sources and the individuals they relate to (What do you wonder? What questions would you ask the explorer?) and use this information to answer simple historical questions.

Knowledge and understanding of events in the past

- Explorers are people who travel to and explore new or unfamiliar areas.
- Ibn Battuta was a Medieval Muslim who travelled across Africa and then onto Mecca for the Hajj. He also travelled to India and China.
- George Back was a polar explorer who was born in Edgeley. He went on many expeditions to the Arctic. On one expedition he ran out of food and had to eat a pair of trousers.
- Matthew Henson was a polar explorer. He was one of the first men to find the North Pole. His achievements were not acknowledged because he was black.
- Felicity Aston is a polar explorer. In 2012 she became the first woman to ski alone across Antarctica.
- Although we can compare explorers, there are differences in how and where they travelled.

Interpretation

- Begin to identify different ways to represent the past (e.g. photos, stories).
- Make simple observations about the past from a source.
- Understand that some people are considered more “significant” than others and begin to give reasons why this might be.

<p>Subject specific vocabulary</p> <p>explorer/explore achievement voyage transport navigate trade</p>	<p>Disciplinary Vocabulary</p> <p>Past, then Now, present Living memory Timeline, chronology Evidence Similarity, difference Local, national Compare, contrast significant</p>

Weekly overview

Week	Objective	Previous linked	Lesson Outline	Key questions	SEND adaptation/adjustments	Resources needed
------	-----------	-----------------	-----------------------	---------------	-----------------------------	------------------

Each unit is planned using a bespoke medium term plan which outlines the key learning to be undertaken in each unit. This is an example of a plan from KS1.

How is learning planned?

Key Stage 1	
Unit Enquiry Question	Lesson Enquiry Questions
How do we know what happened during the Great Fire of London? What were the consequences of the fire?	<ol style="list-style-type: none">1. What was London like in 1666?2. What caused the Great Fire?3. What happened during the Great Fire?4. What does the evidence tell us about the fire?5. How did building design change because of the fire?6. How has firefighting changed since the Great Fire of London?

Lower Key Stage 2	
Unit Enquiry Question	Lesson Enquiry Questions
How did Britain change during prehistory?	<ol style="list-style-type: none">1. What is prehistory?2. What was life like in the Stone Age?3. How did people live in the Stone Age?4. What was new about the New Stone Age?5. Did the development of metal change everything in Prehistoric Britain?6. What do prehistoric monuments tell us about the past?7. Who is the Amesbury Archer and why is their grave significant?8. How was iron better than bronze?

Examples of how our history enquires are structured

Each unit is based around an overarching enquiry question. The unit is then divided into a series of sub enquiry questions which enable to the children to build up the learning needed to answer the big question.

How is learning planned?

answer simple historical questions.

Weekly overview

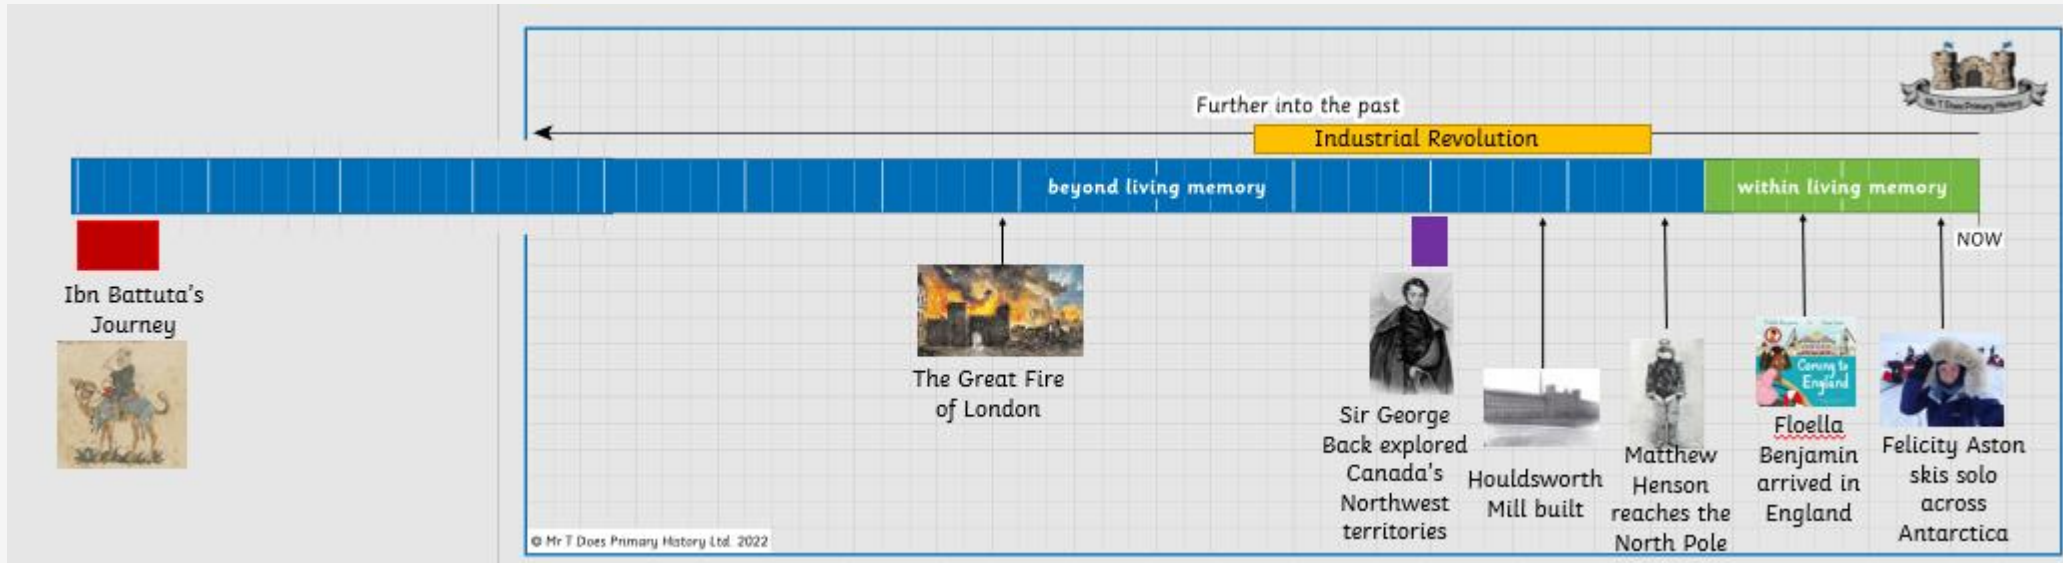

Week	Objective	Previous linked objectives/ learning?	Lesson Outline
1	To explain what an explorer is and what they do.	Children have learnt about different jobs that people do as part of the "When I Grow Up" topic in EYFS. Children have explored different environments including the Arctic during UTW sessions in EYFS. Children in Year 2 have previously discussed the concept	<p>Historical enquiry question in bold</p> <p>Who are explorers and what do they do?</p> <p>Hook – Show the children a backpack containing binoculars, a compass, a map and a walking pole. Who do they think these objects belong too? What do you think they are used for?</p> <p>Introduce the big question and the term explorer. Ask children what they think explorers do? Can they name any explorers? Explain to the children what explorers are and tell that that we will be learning about some different explorers.</p>

Prior learning is clearly identified on the medium term plans.

		of significance when learning about significant individuals in previous topics.	Show the children some pictures of different explorers. Place the images around the classroom, children to work in groups to look a
--	--	---	---

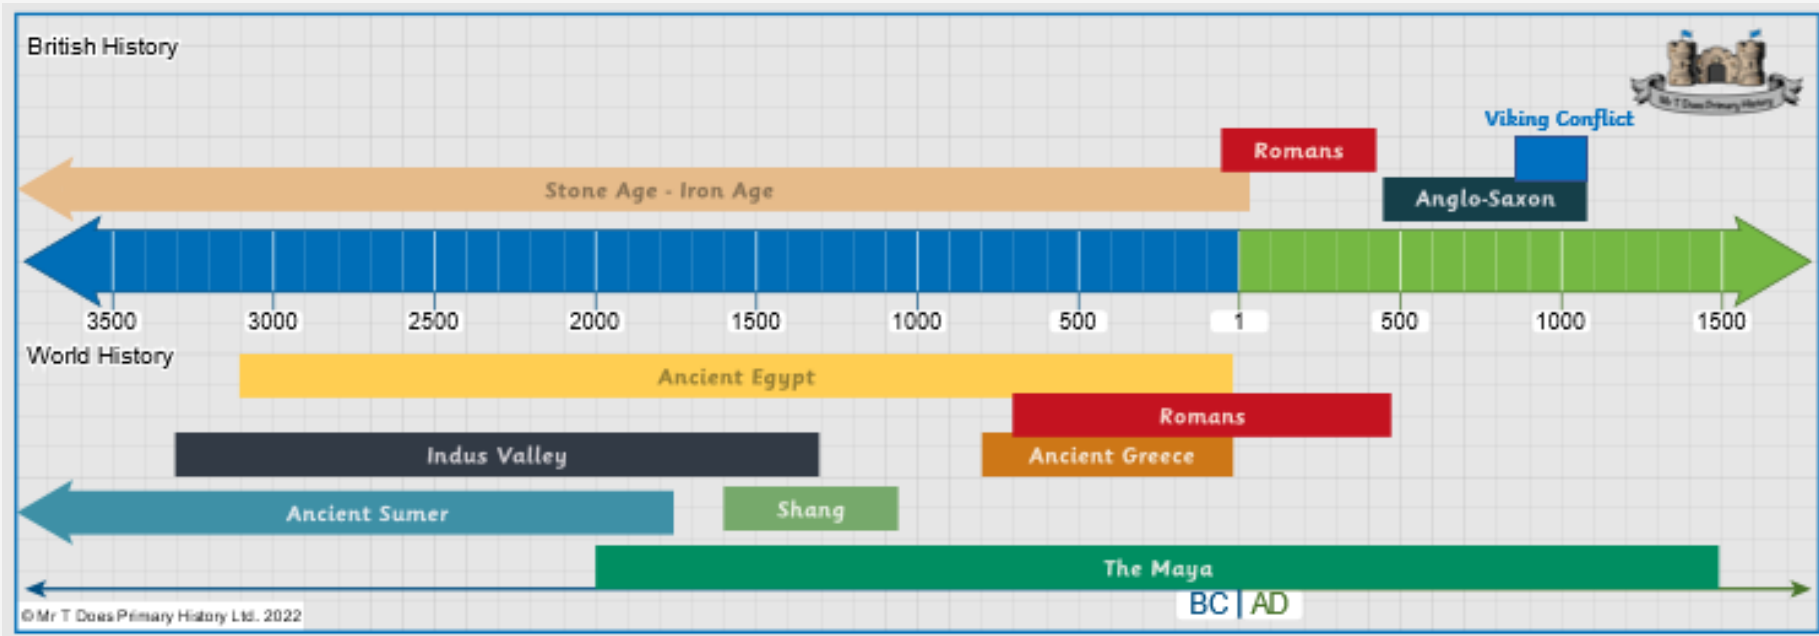

How is chronology taught?

Children in EYFS are taught about “the past” and “now”. In KS1 children build on this by learning about “living memory” and “beyond living memory”. A visual timeline is used to help children see when things happened in the past.

Timeline © “Mr T Does Primary History Limited 2022”

How is chronology taught?

Our Upper Key Stage 2 timeline

At KS2 children are introduced to chronology in more detail. They learn about AD and BC and the chronology of specific periods of history. All topics start with a lesson introducing the children to where that period of history sits within the wider chronology of British/world history and use of our KS2 timeline to help the children to make links between different periods and develop an understanding of duration and concurrence.

Timeline – © "Mr T Does Primary History Limited 2022"

Knowledge Organisers

History Year 5 and 6 Knowledge Organiser

Time Travellers: How does the Maya civilisation compare to Britain in AD 900?

Key knowledge	Vocabulary
The Maya lived in Mesoamerica, an area of land that includes Mexico and part of Central America.	concurrency Two or more events happening or existing at the same time.
There are three main periods of Maya Civilisation: Pre-Classic period 2000BC – AD250. Classic period AD 250 – AD 900 , post-Classic AD900 – AD 1600	Mayan The group of languages spoken by the Maya
Maya society had a strict hierarchy. Life was very different for rich and poor and there was very limited movement between classes.	Mesoamerica A historical region that includes central and southern Mexico, all of Belize, Guatemala, El Salvador, and parts of Honduras, Nicaragua and Costa Rica.
The Maya worshiped a number of gods who were important to their culture. Some key gods included <u>Itzamna</u> (the creator god), <u>Chac</u> (the god of rain and weather) and the Maize god.	hierarchy A system in which members of a society are ranked by their status.
cAD900 many Maya cities were abandoned. Historians and archaeologists have several different theories about why.	maize A Central American cereal plant. The staple food for the Maya.
	codex A folding book written by the Maya in on bark paper.

Knowledge Organisers are held in back of the children's books so that they can be easily accessed. All Knowledge Organisers include key vocabulary and the relevant Key Stage timeline.

What does history look like in EYFS?

Understanding the World – What does History look like in EYFS?

Past and Present – Early Learning Goal

- Talk about the lives of people around them and their role in society
- Know some similarities and differences between things in the past and now, drawing on their experiences and what has been read in class
- Understand the past through settings, characters and events encountered in books in class and storytelling

Planned Whole Class Teaching:

- Daily calendar, days of the week, visual timeline
- Baby Photos – how have we changed?
- Figures from the Past: Florence Nightingale, Ernest Shackleton, Mary Anning, the Wright Brothers
- Changes in: Toys, Transport, the Royal Family

Incidental Conversations:

- Children responding to something they see in black and white, pictures, videos etc.
- Conversations about time and age
- Sequencing events and stories

Continuous Provision:

- Role Play – different community roles (e.g. police, builders, fire fighters, doctors, dentists)
- Constructing different forms of transport
- Small World Play – King's, Queen's, Castles, families, doll's house
- Decorating flags

Responding to Current Events:

- Remembrance Day
- Birthdays/Christmas
- Changes in the Royal Family e.g. Coronation or Jubilee

Example Texts:

- Roles in Society: Cops and Robbers, Zog and the Flying Doctors, The Jolly Postman, Topsy and Tim Meet the Firefighters
- Changes in the Royal Family: The King's Pants
- History of Toys: Dogger
- History of Flight: Pigs Might Fly

Links with Home:

- Photographs of the children celebrating different events, sent in on Class Dojo
- Photographs of the children as babies, sent in on Class Dojo

Enhancements:

- Visits from People Who Help Us (e.g. Police Service, Fire Service, Dental Health Team)
- Set of old toys brought in for the children to look at

Building Blocks:

Before the children can compare similarities and differences, they have to be able to match and spot matching items. This starts in Maths.

In EYFS we plan for a range of experiences that help children to develop a sense of the past and to provide them with the necessary knowledge to start more formal learning in history in Key Stage 1.

History linked reading lessons

Black History Month:

Learning about The Windrush Generation through the story of Floella Benjamin in KS1

LO: To write a Remembrance Day poem

As we stand under the gloomy sky of grey,
 We pay our respects to those today,
 Who have fought on the field where poppies grow,
 In this two minute silence - our memorable show.

Their confidence shone out like a bright sun ray,
 Their passion - a resilient glare,
 Their courage was as strong as a roaring lion,
 We remember every soldier's name.

Prayers are whispered in the air,
 A somber peace as quiet as stone,
 The special flower all scarlett red,
 Across England, Remembrance Day is known.

As the bugle sounds the end,
 We lay our wreaths and say,
 "We will remember them" and "lest we forget,"
 On the eleventh month, day and hour, on Remembrance Day.

M/S Lamb

Remembrance Day

Under the sky so dim and grey
 we gather around poppies,
 To those that died in war,
 Who once marched upon the battlefields.

Even though the trenches were full of pests
 They were always ready to fight,
 The warriors are smart and tough
 But when it comes to war,
 They have to keep protected.

So as we march,
 through the streets,
 we only remember the ones who thought through
 And those who ran through battlefields.

Now all we do,
 Is stand for 2 minutes,
 And remember those we love
 Remembrance day.

Educational Visits

We plan trips to a range of different historical sites and museums. Some recent examples include:

Stockport Air Raid Shelters

Bolton Museum

Stockport Hat Works Museum

Key Learning

Key Learning **History Cycle B Spring 1 Amazing Adventurers KS1**

1. Explorers are people who travel to and explore new or unfamiliar areas.

2. Ibn Battuta was a Medieval Muslim who travelled across Africa and then onto Mecca for the Haji. He also travelled to India and China

3. George Back was a polar explorer who was born in Edgeley. He went on many expeditions to the Arctic. On one expedition he ran out of food and had to eat a pair of trousers.

4. Matthew Henson was a polar explorer. He was one of the first men to find the North Pole. His achievements were not acknowledged because he was black

5. Felicity Aston is a polar explorer. In 2012 she became the first woman to ski alone across Antarctica.

6. Although we can compare explorers, there are differences in how and where they travelled

In each subject we have identified the key learning we want the children to know. This is shared with the children with "key" images.

Assessment

We use a number of formative assessment strategies:

Live marking

Concept maps

Quizzes

Double page spreads

Verbal questioning

Teachers assess children against the key learning that has been identified for each unit.

Assessment

Working below expectation	Working above expectation

All other children have met expectations

Challenge and Adaptations

We believe that history should be accessible for all. Adaptations are planned into lessons. They might look like:

- Use of additional resources – e.g. scaffolding, sentence stems, visual representations (dual coding), assisted technology
- Teacher expertise – e.g.; additional processing time, use of talk partners, scribing, modelling. I do , we do you do
- Referring to previous learning and vocabulary. Pre teaching vocabulary
- Making parallels with the present day – linking the past to the present or the present to the past.
- Use of artefacts, visits and visitors.
- Enable Tables
- Variable recording e.g. drawing, talking (evidenced with QR codes), teacher scribe

In each medium term plan the ways to support SEN children are identified.

SEND adaptation/adjustments
Dual coded vocabulary to support understanding of key vocabulary.
Adults to scribe children's responses/record children orally explaining what explorers are. QR codes in books.

Challenge and Adaptations

High quality teaching benefits pupils with SEND

The 'Five-a-day' principle

The research underpinning the EEF's guidance report 'Special Educational Needs in Mainstream Schools' indicates that supporting high quality teaching improves outcomes for pupils with SEND. Five specific approaches—the 'Five-a-day' indicated below—are particularly well-evidenced as having a positive impact. Teachers should develop a repertoire of these strategies, which they can use daily and flexibly in response to individual needs, using them as the starting point for classroom teaching for all pupils, including those with SEND.

1

Explicit instruction

Teacher-led approaches with a focus on clear explanations, modelling and frequent checks for understanding. This is then followed by guided practice, before independent practice.

2

Cognitive and metacognitive strategies

Managing cognitive load is crucial if new content is to be transferred into students' long-term memory. Provide opportunities for students to plan, monitor and evaluate their own learning.

3

Scaffolding

When students are working on a written task, provide a supportive tool or resource such as a writing frame or a partially completed example. Aim to provide less support of this nature throughout the course of the lesson, week or term.

4

Flexible grouping

Allocate groups temporarily, based on current level of mastery. This could, for example, be a group that comes together to get some additional spelling instruction based on current need, before re-joining the main class.

5

Using technology

Technology can be used by a teacher to model worked examples; it can be used by a student to help them to learn, to practice and to record their learning. For instance, you might use a class visualiser to share students' work or to jointly rework an incorrect model.

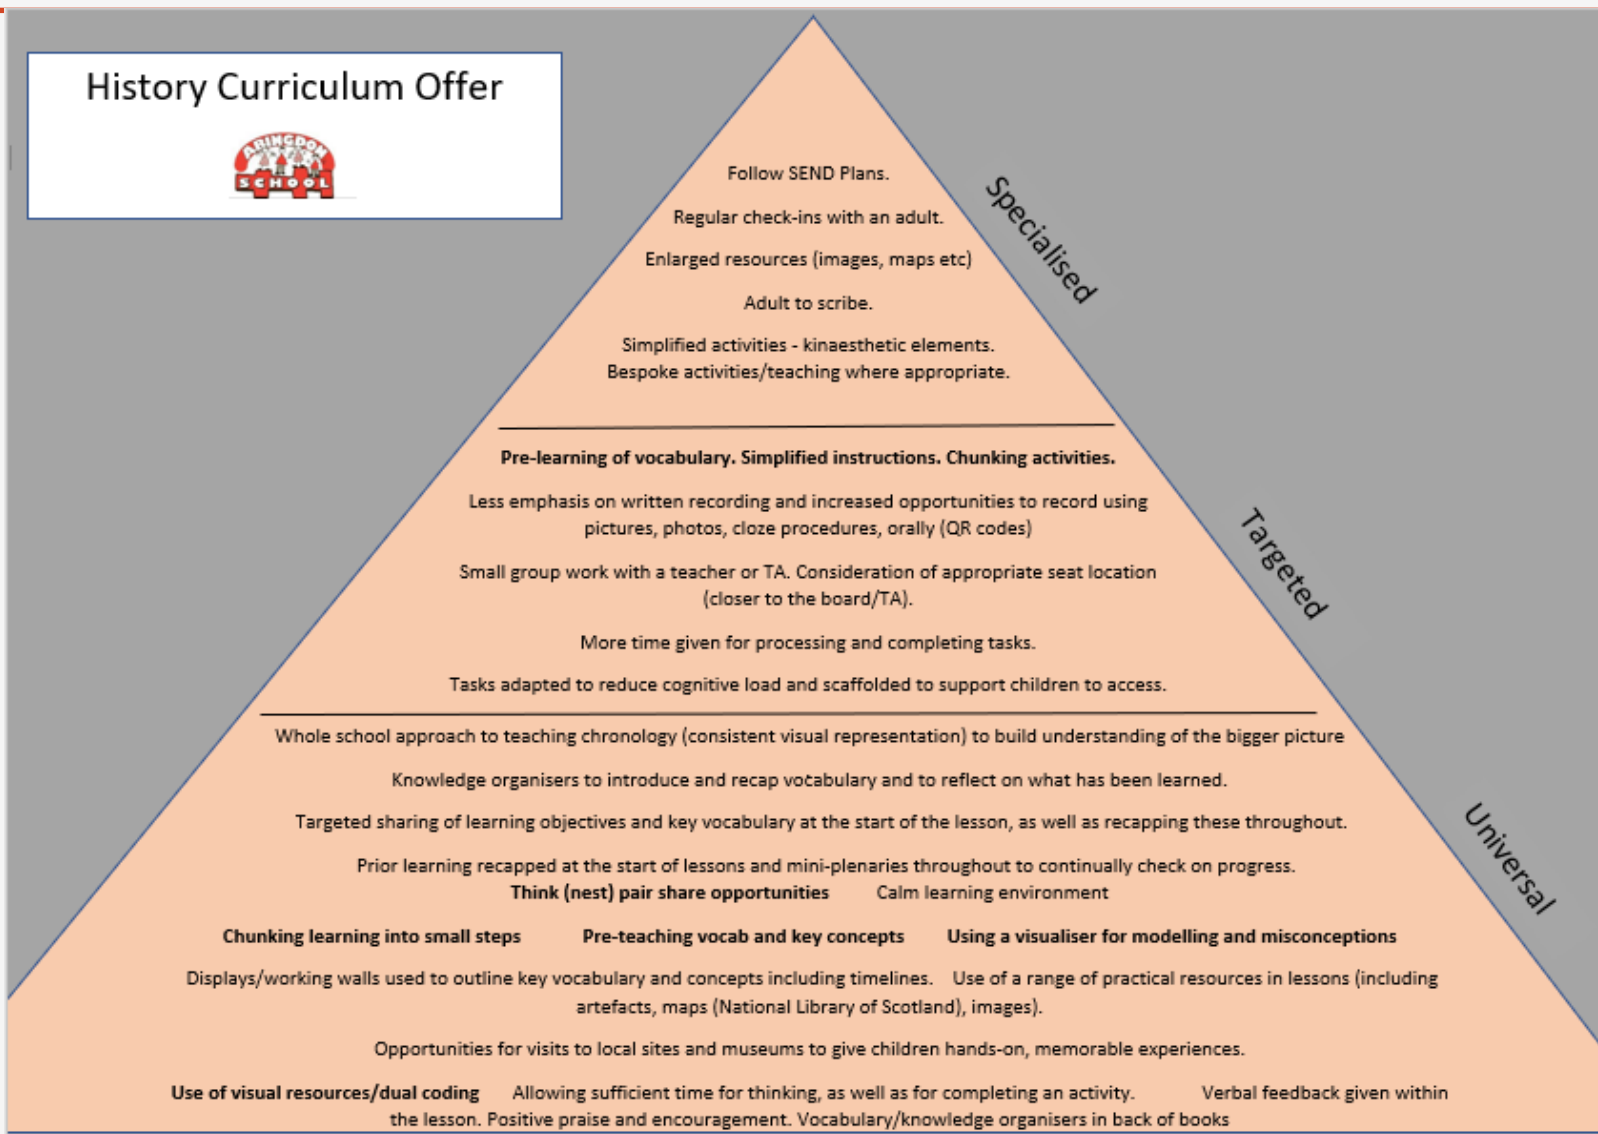

We use the Five a day principle alongside our own current focuses for adaptations:

- 1) "Nest/Pair/Share"
- 2) Pre-teaching of vocabulary and any key concepts
- 3) Visual resources and dual coding across the whole school
- 4) Chunking learning
- 5) Using the visualiser for modelling and misconceptions

History Curriculum Offer

What do our children say about our curriculum?

History is very interesting because it is in the past and there's lots of different history. We learnt about Ibn Battuta, George Back and Felicity Aston. They're explorers.

Year 1

I really liked it when we tried to solve clues to find out what was buried at Sutton Hoo. It was like we were being detectives looking at each clue one at a time and I liked that we had to piece the clues together.

Year 6

I like history because we learn about different periods of time that we haven't been in. We learn lots of different things.

Year 4
